

LISS POST

DRAGON ESCAPES FROM EGG

By Fraser Munro.

Everything happened on Thursday 8th October 2020 when Miss Duncan found a red and yellow dragon by the plant pot eating the leaves. Miss Duncan is the teacher of Ash class. The dragon kept on trying to bite the teacher.

“I was shocked!” exclaimed Miss Duncan.

Two weeks before, Mr Haycock had found the egg on the roof of Liss Junior School while he was fixing something on the roof. Henry White spotted that the egg had disappeared from behind the whiteboard.

“Where had the egg gone? I was confused. Miss Duncan didn’t believe me!” commented Mr White.

This is important because no one has ever found a dragon in Liss.

While Ash class work, Mrs Myers will have the dragon in her office because the dragon was disturbing Ash class while they work.
