

LISS POST

Dragon in Liss!

By Harley East

On Thursday 8th October 2020 Miss Duncan discovered a horrifying dragon in Ash class. The red and orange Dragon was furiously burning and chewing the plant at the sink. The class were amazed at the sighting.

The caretaker found an amazing egg on the roof and gave it to Ash class. Henry White realised the egg had gone missing and commented "The egg had gone missing! Everyone believed me but no one saw where the dragon was."

Ash have never found a dragon in Liss before so they were looking after it

until Mrs Myers took the dragon into her office.

Now the dragon is in Mrs Myers' office but in her dog, Lexi's, bed. Children have been told not to touch the dragon otherwise it might burn them.
