

LISS POST

Loose in Liss

By Tamzin Thorby

On Thursday 8th October 2020, Miss Duncan found a baby red dragon in the plant pot. Ash class were amazed and scared because they had never seen one before.

The egg was found on the roof of the school by Mr Haycock two weeks ago. He gave them to Ash and Oak class to look after **because he thought the egg might not like him.**

“It was scary because we lost the egg and we didn’t know where it went,” explained Henry White.

It was an important dragon because the children didn’t want it to hurt anyone but it was very nice.

The dragon is now in Mrs Myers’ room to be looked

after by Mrs Myers while Ash class do their learning.
